Gainesville Daily Sun

VOL. XXII, NO. 122 GAINESVILLE, FLORIDA, THURSDAY, JUNE 29, 1905 TEN CENTS A WEEK

CHIEF ENGINEER WALLACE RESIGNS

Leaves Panama Canal Situation To President Roosevelt.

HE WANTED FULL CONTROL

Disliked Way the President and Secretary of War Conducted Affairs, and to Avoid Friction, Quits—His Resignation Accepted.

New York, June 28.—The resignation of John F. Wallace, of Illinois, chief engineer of the Panama canal is now in the hands of President Roosevelt, according to a statement made today by the World which adds that it will be accepted today or tomorrow. It is said to have been handed to Secretary of War Taft in this city after a rather stormy conference during which Mr. Wallace is said to have expressed his ideas of what should be done on the isthmus in very concise language. It is understood that Engineer Wallace will at once take charge of a large railway system in this country and that Theodore Shonts will remain as president of the canal commission.

Since his return last week he has kept from public view, his address being known to only a few friends, and the department officials. As to the cause for Engineer Wallace's resignation, there are two versions, one coming from friends of some of the canal commissioners, the other from friends of Mr. Wallace. The first is to the effect that it was requested because of differences between the chief engineer, members of the committee, Secretary Taft and through the latter with President Roosevelt.

That serious differences in the conduct of the work of the isthmus had arisen between the chief engineer, the administration and some members of the canal board was known," says the Herald, "almost the first week the commission reached Panama.

"The difficulty of securing supplies, the method of proceedure, and other matters were strange and became irksome."

Being chief engineer of the great undertaking, notwithstanding that he would be held responsible for failure, he insisted that he should be put in a position to have absolute control and objected to orders prohibiting his leaving the isthmus unless he btained permission from the war department."

These matters are said to have been discussed at the Sunday conference with Secretary Taft, which followed Mr. Wallace's arrival here and at which William Nelson Cromwell was present. Being a man of independent means, the $30,000 annual salary was no object to the chief engineer and no means having been found to meet his views as to the manner in which the canal work should be conducted, his resignation was presented.

President Shonts is also in this city. He refused, however, to confirm for publication that Engineer Wallace had resigned. Personally, he said, he had no intention of leaving the commission.

Whatever the trouble may be between Mr. Wallace and the president and the secrtary of war, he continued, "will not affect me. I do not intend to resign, but further than that I cannot say. I am not at libery to talk of the affairs of the commission and any announcement to be made must come from the president."

Killed His Assailant.

Chicago, June 28.—Having shot and killed Jesse E. Thomson, a switchman recently discharged from the employment of the Chicago Terminal Transfer Railway company, Yardmaster Jas. S. Walsh, of the company, last night telephoned to the police to remove the body, then gave himself up. Thomson was discharged by Walsh for alleged neglect of duty. He had announced his intention, it is said, of killing Walsh and loitered in the yards repeating the threat. When Walsh left the yards Thomson followed him and after taunting him hurled a cobblestone. Walsh drew a revolver and fired, killing his assailant.

SECRETARY HAY IS BETTER.

While His Condition Is Alarming It Is Not Dangerous.

Newbury, N. H., June 28.—The announcement today from the summer home of Secretary of State John Hay was that the patient had passed a comfortable night and that the morning found him resting easily, much refreshed from the night's sleep.

All through the night his sleep was intermittent, although the repose resulted in the regaining of considerable strength. It was not believed, however, that the secretary would be able to be about soon, as had been anticipated. The arrival of a nurse and a physician, Dr. Jackson, from Boston during the night was a result of the belief that the secretary would undoubtedly need the most careful nursing and medical attention during the coming days.

The family does not, however, apprehend any danger whatsoever, from Mr. Hay's illness, but they realize that th eattack of uraemie of Saturday, following as it did a period of illness for which Mr. Hay went abroad for treatment, weakened the secretary's physical power and necessitated at least that he remain quietly in bed for several days.

During the night and morning a number of telegraphic messages arrived from friends inquiring as to the condition of the patient, and expressing the hope of immediate return to health.

ALEXIEFF SUCCEERS LAMSDORFF

Peace Negotiations Are Progressing Very Favorably.

St. Petersburg, June 28.—The negotiations relative to the Washington meeting are entered in the national phase. Having agreed from the time of the meeting is to be during the first ten days of August, all that remains is the formal naming of the plenipotentiaries, if indeed, she is not already in possession of the names of the negotiators which will act for the Japanese emperor, and it is believed the Russian plenipotentiaries have been tentatively selected. While there is reason for stating that they do not include a military man.

M. Lamsdorff, foreign ministers, has so far recovered today as to go to Peterhoff where he discussed wiwth the emperor. Later Ambassador Meyer was received at the chancellory and conveyed to the foreign minister a communication from Washington.

The Bourse Gazette today prints a rumor to the effect that Admiral Alexieff will succeed Count Lamsdorff as foreign minister.

Woman Shoots Squatter.

Goldfield, Nev., June 27.—Mrs. Phoenix, the wife of a prominent Goldfield real estate man, who owns all the land between Goldfield and Columbit, has shot Attorney Hayes, of Goldfield. Mrs. Phoenix shot three times, wounding Hayes twice, one shot going through the groin and one through the thigh. Hayes had jumped a lot belonging to the Phoenix addition, and refused to leave, claiming to have the legal right to remain. Mrs. Pheonix attempted to eject him and being unable to do so by physical force proeured a revolver and shot him. She then coolly walked down town and when arrested was eating an ice cream soda. Mrs. Phoenix was held without bail. Hayes will probably die.

Bix Co-Operative Experiment.

Portland, Ore., June 28.—A co-operative experiment of a magnitude hitherto untried is to be attempted in this state. The enterprise is known as the "Co-Operative Christian Federation," with a capital of $50,000,000. The objects of the federation are to buy and sell land, build railroads, operate factories, mills and dairies in Oregon to be owned and operated on the co-operative plan.

Three Men Are Killed.

New York, June 28.—Three men are believed to have been killed when the three upper stories of an apartment house were blown down in a terrific storm. The names of two of those supposed to be dead are John Lawler and James Ross, workmen. The high wind broke dozens of plate glass windows in Harlem stores and uprooted trees in that section.

FRENCH MUST COME TO GERMANS' TERMS

Exchange of Notes Between The Two Countries.

GERMANY IS STANDING PAT

The Kaiser's Government Claims that the Moroccan Question Is An International One—Powers Will Hold an Early Conference.

Berlin, June 27.—1:50 p .m.—The German answer to the French note on the subject of the proposed Moroccan conference was sent to Paris yesterday. A high official near Chancellor Von Buelow informs the Associated Press that the German note while perfectly amicable in form it insists on a conference and also declines to comply with France's request that Germany outline before hand the program of the conference. The chancellor takes the standpoint that the Moroccan question is an international affair and that Germany having accepted the sultan's invitation to a conference on the subject cannot rightly agree with any single power as to what can be discussed at the conference. Germany insists that France must agree to the conference before any arrangements are made respecting the subject matter for discussion. After France has agreed to this Germany is willing to listen to France's wishes.

The officials' attention being called to the warlike talk in the foreign press, he replied:

"The fact that we are urging a conference is clear proof that we have no wish for war with France. When a nation wants war it cannot ask for a conference at the same time. If we wanted war with France we would have regretted M. Delcasse's fall since he was the greatest obstacle to good relations with France. On the contrary, M. Delcasse's removal and Premier Rouvier's decision to retain the foreign portfolio, gave great satisfaction in German official circles because we saw in these steps a guarantee of improved relations."

Situation Considerably Relieved.

Paris, June 27.—3:05 p. m.—The Council of ministers today considered the status of the Franco-German negotiations. Premier Rouvier announced that he expected to have a conference later with Prince Von Radolin, the German ambassador, who would deliver the German Reply to the French note on the subject of Morocco. Pending the reciept of this the officials say the situation remains stationary, as the final outcome depends on the text of the German note. In the meantime, the officials here consider that the situation had considerably relieved in view of the intimations they have received from the French ambassador at Berlin concerning the general purport of the German position.

Prisons Filled in Warsaw.

Warsaw, Russian Poland, June 28.—All the prisons are full to overflowing, no less than 672 persons, mostly Jews, having been arrested during the last 24 hours. It is expected that a state of siege will be proclaimed as great riots are anticipated during the mobilization. The laborers on 32 beet root plantations in the government of Podolia have struck and it is feared the crop will be lost. The peasants in the government of Kovno are forefully occupying pasture and other lands of the proprietors of estates.

Betting Stopped at St. Louis.

St. Luis, June 28.—In view of the fact that following the single arrest made yesterday at Delmar race track all operations in the betting ring suspended, word comes from Jefferson City today that Governor Folk will not call out an armed force to assist in enforcing the anti-betting law. It was announced that racing would be continued today as usual. Sheriff Herpel stated that he would not only make arrests every day, but would "stop the betting entirely" until the courts have passed upon the cases now before them.

EDITORS VISIT EXPOSITION.

National Association Are the Guests of Portland, Oregon.

Portland, Ore., June 28.—The special train bearing the homeward bound delegates of the National Editorial association, who decided to visit the world's fair after adjourning the annual session at Guthrie, Okla., reached Portland today and are the guests of the exposition. There are over 300 in the party including the Oklahoma Press association, which is in Portland to take part in the Oklahoma day exercises, which occurred today. The special train was met at Salem by Manager Frank L. Merrick, of the Exposition Press bureau, who extended a first welcome to the delegation.

Appropriate exercises were held in the exposition auditorium this afternoon as a part of the Oklahoma day program. Among the speakers were Governor T. B. Ferguson, of Oklahoma, Colonel H. E. Dosch, representing President Goode, of the Exposition, Charles D. Dreer, president of the Alabama Press association; Roy Stafford, president of the Oklahoma Press association, and Colonel J. P. Mullin, of Indian Territory.

STRIKE LIKELY SPREAD.

One Thousand Teamsters May Join Ranks of Strikers.

Chicago, June 28.—The spread of the Teamsters' strike to include 1,000 drivers of local express and small delivery wagons was a possibility today.

The trouble with the delivery drivers started when a wagon belonging to Page Brothers' Express company, hauled a load of tobacco to a strike-affected firm. President Shea immediately sent a committee to wait on the express concern with a demand that deliveries to strike affected firms cease. The employers' called a special meeting for this afternoon an answer.

The Page Express company is a member of the Furniture Movers and Expressmen's association, comprising 200 employers and nearly 1,000 teams in the city.

The raising of money with which to conduct the strike is giving the teamster leaders grave concern. President Shea has issued an appeal to all the Chicago locals to meet at once and take up the matter of funds.

OHIO DEMOCRATS IN SESSION.

The Nomination of Patterson for Governor Seems Certain.

Columbus, O., June 28.—It was still Pattison against the field on the first day of the Democratic state convention but the quiet work of the campaign managers for the various candidates was lining up the delegates on that indications today were that by nightfall a fairly accurate prediction of the strength would be possible.

The announcement that the Adams county delegation which had been instructed for Pattison was expected to open the roll call with a solid vote for Charles L. Swain, of Cincinnati, was the subject of discussion at the different headquarters. Although it was generally believed that this would affect the steadiness of the Pattison line, the early announcement was regarded as most favorable to Pattison, since it gave time for recovery from the blow and possibly for the bringing of the Adams county delegates back into line.

NEWS TERSELY TOLD.

Forest fires have been burning fiercely on government lands in the mountains southwest of Denver since Sunday morning. The loss thus far is $50,000.

The bureau of insular affairs has received a cablegram from Governor Magoon at Panama announcing the death from yellow fever of S. J. Hirsch.

The National Woman's Suffrage association will meet in annual convention in Portland, Ore., on Thursday, and will continue its session until July 5, inclusive.

The run started yesterday afternoon on the Lake Shore National bank of Dunkirk, N. Y., has subsided. Less than a dozen persons were in line at the paying teller's window when the bank opened for business today.

YAQUI INDIANS ON WARPATH AGAIN

Men, Women and Children Are Their Victims.

CAPTURED INDIANS ARE HANGED

Band of Yaquis Go on the Warpath Determined to Rid Their Section of the White Men Who Were Prospecting for Gold and Silver.

San Francisco, June 28—A dispatch to The Chronicle From Tucson says:

At least 12 rachers and several women and children have met death at the hands of a band of a hundred Yaqui Indians, who have been raiding the country along the San Miguel river in the Ures district of Sonora and a party composed largely of American mining men headed by Jesse Dewitt, have gone out to rescue the unfortunate ranchers from being massacred by the Indians.

Dr. Frank Touissant, who has returned from Ures brought the news of the trouble which began last Friday. After several families had been murdered by the Indians, the ranchers made a determined stand at Buenos Ayres rancho here, aided by about 30 employes they succeeded by repulsing the Indians, although Jesus Ortondo, proprietor of the place, his brother Francisco, Louise Garranaza, proprietor of an adjoining ranch, and several other neighbors, died from wounds received in the fight.

Dr. Touissant attended Carranza, who was brought into Lachumata, a mining town near where the fight took place. Besieged Mexicans took refuge in a ranch house and fought from the windows and roof. It is thought that fully 20 Indians were killed, although the number can only be estimated as the savages carried off the dead and wounded when they retired.

The nearest armed force is stationed at Ures, and when Dr. Touissant left Hermosillo they had been sent to the scene of the outrages.

Five Yaquis taken just outside of Lachumata and thought to have taken part in the massacres, were immediately hanged.

Arrested for Abduction.

New Orleans, June 28.—When the Southern Pacific steamer Proteus landed at her wharf here police officers placed under arrest J. Lopez, a young New Yorker, on a charge of abduction. Lopez was accompanied by Miss Cecelia Collata Mandell, who was said to have eloped with him. When Miss Mandell's parents, who live at 241 East Twenty-fourth street, New York, learned that the couple had sailed, her mother hurried to New Orleans and was at the steamer when it reached the wharf. After Lopez expressed his eagerness to make Miss Mandell his bride, the mother finally relented. The young couple said they would reside in New Orleans.

To Stop Racing in Indiana.

Indianapolis, June 28.—Governor Hanley has asked the state board of agriculture which owns the state fair grounds, to cancel its contract with the Indianapolis Racing association and stop the two-weeks' race meeting which began yesterday. The governor says that pool selling has annulled the contract. Secretary Downing, of the board of agriculture, says it will be impossible for the board to meet to take action before the races are over. Sheriff Sourbier left the city today and it is uncertain whether more arrests for pool selling will be made. Pool selling will probably continue.

Disabled Ship Returns to Port.

New York, June 28.—The steamship City of Havana chartered by the government from the Savannah line for the Panama line now controlled by the United States which sailed last night for Colon with 50 passengers and a general cargo, put back into port today with her steering gear disabled and she is now anchored in the North river undergoing repairs.

GAINESVILLE IS PEOPLE'S CHOICE

Sound Reasoning on Location of the State University.

IT'S THE PEOPLE'S UNIVERSITY

Question of Proper Location Far More Important Than a Few Thousand Dollars—The Taxpayers of the State Favor Gainesville.

The following communication appeared in The Times-Union of yesterday, and we submit it to our readers as a logical argument:

Editor Times-Union: The people of South Florida are thoroughly aroused to the school situation. The location of the University seems to be the stirring problem, and the one in which the greatest interest is manifested. If we are to consider the expressions of opinion contained in the press of the entire State, there is no doubt that the people of Florida are overwhelmingly in favor of the University being located at Gainesville, where it unquestionably, to my mind, belongs.

The Board of Control, it seems to me, can hardly turn a deaf ear to public opinion. It is the people's university, and it ought to go where the majority of them wish it to go. The board can hardly afford to ignore the wishes of those who pay the taxes to equip and operate this institution. If the question were submitted to the ballot box, Gainesville would receive an overwhelming majority.

Until killed by the Buckman bill, the East Florida Seminary has been an established school at Gainesville for about fifty years. So there must be some school property there. It seems that Gainesville the past year was able to accommodate about 275 pupils to Lake City's 180. With all its claims to beautify buildings and grounds, the latter was not able to compete with the former.

Many or those who argue for Lake City in this controversy seem to assume that all the State schools except the University were killed by the Buckman bill; and that Lake City should have the University because it is now in fact a real, tangible, existing school, already there. The fact is all the State schools were destroyed, abolished, by that bill, and there is no more a university at Lake City than there is a State college at Tallahassee. The new University will, when established, be in no manner, shape or form related to the old one abolished by the Buckman law. We have not a single State school now in existence. It is an absolutely new university that is to be established and located under the provisions of the bill which put the old one out of business. If my conception of the law is correct, what is the matter with the next school term of the University opening up in the East Florida Seminary buildings that were last year able to accommodate nearly 300 pupils?

The people want their University put where it will take root and grow and in time become one of the leading educational institutions of the South. The little coterie—for there are only a few—that is pulling for Lake City need not worry themselves about the "people's money." I notice in your Saturday's issue a report of the University trustees which places the value of the buildings there at about $125,000, which is perhaps an exceedingly liberal estimate. The people of the great State of Florida are able to establish and own such a school as they ought to have, and such a one as is contemplated in the Buckman law, even though to put it in the right place they would have to build from the ground up. The question of a proper location is of far more importance than is the matter of a few thousand dollars invested in lands and buildings at Lake City.

If, with all the money that has been spent upon the Agricultural College, lately renamed "The University," it has been a signal failure, so that a member of its board of trustees and a man who has been its stanchest friend and ablest defender has recently declared editorially in his paper at Ocala that "the people of Florida outside of Lake City are beginning to feel that the University ought to be located where it will not be subjected to constant perils, where it will be more loyally upheld, and where all will pull together as one man for its success," what can we expect for the new University if located there?

The wishes of the people should be consulted. The buildings and lands up there at Lake City are their buildings, their lands. They own the property. They pay the taxes that establish and support the schools, and if they ask that the University be located at Gainesville, I, for one, hold that the Board of Control, representing the people, are in duty bound to locate it there. Remember, there is no University of Florida now. The Board of Control is charged with the duty of establishing and locating one. The old University is just as dead as the East Florida Seminary, and counts for no more.

The new University should be erected upon the spot where the old East Florida Seminary stood and flourished; then we would have some guarantee that it would be a success from the start. If discord, enmity and factionalism at Lake City have interfered with the management of the school and have operated to nullify its usefulness almost from its birth to the day of its death—as one of the most influential members of the board of trustees has publicly declared, and as nearly every man who has served on the board has at times privately testified—what better could we hope for the future? We can only read the future in the light of the past. We cannot afford to trust the University in a place where local politics, with all its blighting influences, has dared to lay its profanating hands upon the sacred interests of the State school entrusted to the fostering care of the community.

Let Gainesville have the University. There is where it belongs; there is where the taxpayers generally of the State are urging that it be placed. The wish of the people should be the law that the Board of Control should feel bound to obey, since it violates in no particular the terms of the bill creating the University. S. B. HILL.

Maitland, Fla., June 26, 1905.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest, or on first moving the limbs, and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City, Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." Sold by W. M. Johnson.

In a Glass House.

"If there is one thing more than another that makes me wild," said a member of the Mutual Improvement club to a friend, "it is to have that Potter woman correct me when I just make a slip of the tongue. Did you hear her say in that supercilious way of hers, 'My dear, I'm sure you could not have meant that they had music "between each number"—you meant between every two numbers.' And every one near us heard what she said, the cat!"

"Oh, I shouldn't mind her," said the other woman easily. "If you want revenge just look at her with one of those short waisted, pudgy daughters on either side at the assembly and not a man on the horizon."

"M-m!" said the aggrieved one. "Yes, she does look funny; but, my dear, did you realize you said 'on either side' instead of 'on each side?' Of course if they were on either side they'd—well, they couldn't be, you see! I knew you wouldn't mind having me speak of it, for I've noticed you make that little error occasionally, and it's so easy to form a habit."

DUST IN OUR EYES.

We at Times Collect Curious Things Without Looking For Them.

Few people are aware, says Fred W. Saxby in the Strand Magazine, that we are all constantly "collecting" curious things without looking for them:

In the very act of looking up at the fleeting spectacle of a fiery orb the reader with the big, wide open eyes may easily receive in one of his own orbs a tiny sphere from afar that was produced in a glowing streak of light like the one he is admiring.

Meteoric dust is ever falling and upon all parts of our planet. The little spheres have been found upon the decks of ships far out at sea, in all the deserts of the earth and on the tops of snow clad mountains. Dredgings brought up from the silent depths of the ocean give testimony of their universal presence. The particles all contain iron and are easily collected by the magnet from the roof of any outhouse or other place exposed directly to the sky.

Seafarers are sometimes pelted with dust of quite a different kind, composed of the microscopic flinty skeletons of beautiful plants called "diatoms."

These tiny plants live in both salt and fresh water and occur in enormous numbers in some localities. Occasionally water courses and inundated areas dry up, and the flinty shells of the diatoms which grew there are blown about as dust. There are several instances on record of diatomaceous dust falls at sea. During the thickest part of the fall the sailors have experienced much pain in their eyes, the inflammation being caused by the little flinty shells.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes: "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

Shocked the Queen.

The queen of Denmark once paid a visit to the Danish colony of Iceland, where the good old bishop exerted himself to the utmost to show her everything that was worth seeing. The queen paid many compliments to her host, and having learned that he was a family man graciously inquired how many children he had. It happens that the Danish word for "children" is almost identical in sound with the Icelandic word for "sheep," so that the worthy bishop, whose knowledge of Danish was not so complete as it might have been, understood her majesty to ask how many sheep he owned and promptly answered:

"Two hundred."

"Two hundred children!" cried the queen, astounded. "How can you possibly maintain such a number?"

"Easily enough, please your majesty," replied the prelate, with a cheerful smile. "In the summer I turn them out upon the hills to grass, and when winter comes I kill and eat them!"

A Bad Scare.

Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, costiveness, etc. Guaranteed at all druggists'; only 25c. Try them.

Joy.

Joy is one of the greatest germ killers in existence. It is a positive radiant force, irresistible and compelling, before which all discouragements and ills go down in utter defeat. A good dose of joy will do more for you than any tonic or medicine you can name.

Where Ignorance Is Bliss.

A well known physician has observed that the best thing that can happen to a man with diabetes is not to find it out, and the same might be said with some justice of a number of diseases.—Hospital.

There seems to be no art of knowledge in fewer hands than that of discerning when to have done.—Swift.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Ayer's Hair Vigor.

You know gray hair adds twenty years to your looks! Then restore the color; keep young! Stop your hair from falling out and make it grow long and heavy. J. C. Ayer Co., Lowell, Mass.

JUDSON JOTTINGS.

A Very Pleasant Wedding—Railroad News—Seriously Ill.

Judson, June 27.—Simeon Hussey, Jr., of Newberry and Miss Lou Davis were happily united in the holy bonds of matrimony Sunday evening, June 25th, at Mrs. E. E. Davis,' the bride's mother, near Judson. The ceremony was performed by Elder Z. A. Crompton of Fellowship, Fla., a Baptist minister. Quite a large crowd of relatives and friends turned out to the wedding. The young married folks left immediately for Newberry, where they expect to make their future home. We congratulate them and wish them much joy and happiness and a long life.

We are sorry to say that J. N. Wood is still very sick. The last report says that he is no better. Mr. Wood has a severe case of typhoid fever. They have removed him from here to his father's, Mr. Leroy Wood, seven miles south of here.

It was reported here yesterday that the railroad would be built through to Trenton by next Saturday night, and they expect to give the Newberry folks an excursion to Trenton on the Fourth of July. The people will meet them there and will celebrate that grand day together.

Prominent Chicagoan Dead.

Chicago, June 28.—Graeme Stewart, 52 years old, a leader in Chicago's commercial, political and social life, two years ago a candidate for mayor on the Republican ticket and a member of the legislative committee of the Republican national committee from 1900 to 1904, died at his residence, here early today after a month's illness. Clotting of blood upon the brain, with a series of appoplectic strokes was the cause of his death.

Regret Gov. Carter's Resignation.

Honolulu, June 28.—The Chamber of Commerce has unanimously adopted resolutions regretting the resignation of Governor Carter and asking him to reconsider his action. The executive committee of the Republican Central committee adopted a similar resolution by a vote of 5 to 3. A committee visited the governor in relation to his resignation, but he said he could not see any reason why he should change his mind.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Slave. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Japs Visit Russian Admiral.

Tokio, June 28.—Admiral Viscount Ito, chief of the naval general staff, has sent his aide to the naval hospital at Sasebo to visit Vice Admiral Rojestvensky. Admiral Ito through his personal representative, inquired into the condition of the Russian commander, expressed his regret over the suffering he had undergone and his admiration for the brave defense the vice admiral had made. Rojestvensky is progressing well, and sent his thanks to Admiral Ito for the visit and inquiry.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

Cashier Settles with Bank.

Terre Haute, Ind., June 28.—Tt Vigo County National bank issued the statement today that Cashier Consman had resigned and that a shortage had been discovered in his accounts of about $16,000. President B. G. Hudnut issued a statement this afternoon saying that the shortage was about as stated, but that Mr. Conzman had turned over securities amounting to $60,000 with which the bank can adjust the deficiency.

Cures Old Sores.

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Miffin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by W. M. Johnson.

Cleveland Arrives in New York.

New York, June 28.—Former President Cleveland arrived from Princeton today and went direct to the Buckingham hotel. There he went into the conference with Justice Morgan O'Brien and George Westinghouse, the fellow trustees of the majority stock of the Equitable Life Assurance society.

Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies. When puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. Sold by W. M. Johnson.

Edible Birds' Nest.

The nests eaten by eastern people are made by birds of the swift tribe, which are remarkable for the character of their saliva. This, being extremely sticky, quickly sets into a substance resembling gelatin, of which their edible nests are made. In shape these resemble half a saucer and are usually to be found in caves, attached to rocks. They have no particular taste, but serve as a basis for thick, clear soup, to which various flavorings may be added at pleasure.

Spiders as Medicine.

Formic acid has been used for a long time by the Matabele natives in Africa as a cure for malaria and ague. It is taken by them in the form of spiders. These insects contain a large proportion of formic acid. A traveler in Africa says that a meal or two of spiders cured him permanently of an attack of ague.

SPECIAL RATE TO BUFFALO.

Via Seaboard Air Line Account Session of B. P. O. E.

The Seaboard Air Line Railway has been designated by the Florida Elks' Association as their official route from Florida to the Grand Lodge Session at Buffalo. It is the desire to operate a Florida Elks' special train to leave Tampa at 8 p. m. July 8th, and Jacksonville at 9 a. m. July 9th. The train to consist of dining, baggage car and drawing room Pullman sleepers through to Buffalo without change. The route of travel will be via Seaboard to Richmond, passing through Savannah, Columbia, Camden and Raleigh; R. F. & P. to Washington, and Penn. R. R. Washington to Buffalo. Only seventy-five passengers are required to secure this special train service.

Round-trip rates to Buffalo and return from Gainesville, $34.95.

Passengers from Miami and Key West will re-purchase at Jacksonville.

Through Pullman sleepers for Buffalo will positively leave Tampa at 8 p. m. July 8th and Jacksonville 9 a. m., July 9th for the Elks and their friends. Secure your Pullman sleeping car space now.

Tickets on sale at rates named for all trains July 8th, 9th and 10th, but in order to reach Buffalo for the opening session ask for sleeping car reservation on the Florida Elks' Special.

A day in Washington sight-seeing and visiting the government buildings has been arranged.

Stop-overs of ten days, within final limit on all extended tickets, has been arranged on the return trip at Philadelphia, Baltimore and Washington.

A trip to New York can be taken in conveniently on side-trip rates of $4. Philadelphia to New York and return, good six days.

The Florida delegation will be personally conducted by James F. Taylor, traveling passenger agent of the Seaboard, Tampa, Fla.

For sleeper reservations or other information write S. C. Boylston, Jr., passenger agent, or A. O. MacDonell, assistant general passenger agent, Jacksonville, Fla.

Just Meandering.

A city girl writes, "It is a fond dream of mine to become a farmer's wife and meander with him down life's pathway."

Ah, yes, that is a nice thing! But when your husband meanders off and leaves you without wood and you have to meander up and down the lane pulling splinters off the fence to cook dinner, and when you meander along in the wet grass in search of the cows till your shoes are the color of rawhide and your stockings soaked, and when you meander out across twenty acres of plowed ground with a club to drive the hogs out of the cornfield and tear your dress on the barb wire fence, when you meander back home to the house, find that the billy goat has butted the stuffin' out of your child and find the old hen, with forty chickens, in the parlor, you'll put your hands on your hips and realize that meandering is not what it is cracked up to be.—Osborne (Kan.) News.

Summer Tourist Rates Via Atlantic Coast Line.

If you contemplate visiting summer resorts see ticket agents Atlantic Coast Line and get all information with reference to rates, routes, schedules and Pullman service. Summer tourist rates are now in effect to all the principal resorts throughout the country with return limit October 1st. Rates have been announced to all springs, mountain and seashore resorts. For the first time round-trip tickets are now on sale to resorts in New England territory.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

The rainy season in Florida seems to have set in and it is making the crops boom.

How is President Roosevelt going to negotiate peace between the Russians and Poles?

Germany and France are still sulking, but don't do anything but growl at each other.

The red flag of revolution is now unfurled in Poland and blood is flowing all over that Czar accursed land.

If the junketers to the Philippines will only dispose of the Island to some one before they return, it will be a good job.

Anarchy should have no place in this fair land of ours. It is only a class of outlawry that caused the organization of the vigilance committees of the West in years past.

The son-in-law of the King of Belgium has been offered the crown of Norway. Why not give it to one of the husbands of American heiresses who are out of a job?

Stand by the laws and support the Constitution, no matter what comes, and our State will be all right. If we have bad laws, repeal them. But so long as they are laws, let them be obeyed.

The Ocala Banner is urging the location of the State University at Gainesville, and the fact that Frank Harris, editor of The Banner, has been for years on the board of trustees will give added weight to his views on the subject.—Pensacola Daily News.

Every citizen of the United States regrets the serious illness of Secretary Hay and will hope for his speedy recovery. As a diplomat he has shown marked ability, and in all affairs where he has been engaged for this country, his diplomacy has been proven the equal of the ablest men of Europe.

Generally speaking the streets and sidewalks of our city are in excellent repair, although there may be a few sidewalks that need looking after. Do it in time and remember that every effort put forth and dollar spent to improve our city's appearance will be worth two in the eyes of people who come here to look over property with a view to purchasing.

There was a time when labor unions were organized for the good of the members and not to support a few walking delegates. Even today there are many good union men in the various organizations who are doing all they can for the betterment of themselves and the world at large. But such men as Eugene Debs, who, because he can't run everything to suit himself in one union, rebels and formulates another, can never do much to help the tradesmen of this country. Keep the union out of politics and select the best men when you vote, the same as the Knights of Labor did when they were most effective, and the union will carry strength. Vote for Debs for president and you will always have a candidate.

ALL MEN ARE ACTORS.

Shakespeare gave expression to a profound psychological truth when he wrote:

"All the world's a stage and all the men and women merely players."

Nine-tenths of the transactions of the human race are purely play acting, says The Wall Street Journal. How many people show their real selves to the rest of the world? They wear false wigs and masks and assume characters not their own. In a majority of cases this is done unconsciously or with no intent of actual deception. We simply can't help concealing our real thoughts, often our real characters. We put on the outside a fictitious man. The real man underneath is not disclosed. Some are better actors than others. Some assume virtues they have not, and are thus hypocrites. Others mask their goodness with a mask of cynicism and brusqueness. Very few indeed have the simplicity and genuineness to appear what they really are.

It would make an interesting study to investigate what effect play acting has in business transactions. Certain it is that our great men of affairs are great largely because of their gifts of acting. They know how to assume many parts and can change from one to the other quickly. Watch a thoroughly trained leader in business in his office from day to day and notice the succession of characters which he takes. It is almost as good as a theater to one who loves a psychological study.

As great actors succeed in producing an effect upon certain emotions, causing tears and then laughter, so these actors in business are able by their infinite art to produce an illusion even more perfect than any shown on the stage. Often the greatest successes in life are obtained by means such as these. It does not necessarily follow that these successes are not deserved, or that they do not advance the interests of the world. Moreover it does not necessarily follow that the men adopting these methods are, in any gross sense, either hypocrites or scoundrels. They may, indeed, for a moment be so absorbed in the characters they are assuming as almost to believe in themselves, just as an actor sometimes loses himself in his part.

There is, however, danger in any too free exercise of the power of acting on the stage of business, just as there is danger in the practice of mesmerism. Undoubtedly one ought always to strive as hard as he can to keep his true self turned to the world. Simplicity and truth are the ideals always to be aimed at. It seems to us that this age is distinguished by a decline of mimic art on the stage, and a great advance of the mimic art in the actual business of life.

MODERATE LIVING.

There is hardly a city in the State but what has more or less of a building boom on, and it looks as though there would be some lively hustling in every section the coming winter. The people who come to the State for the winter—to remain here to escape the cold weather of the North—are many of them in ordinary circumstances and cannot afford to pay high rates for board; hence, there is a demand for moderate priced boarding houses and hotels.

Many people go to California for the winter because they can live very cheaply there, and although the railroad fare is higher, they make up the difference in living expenses. There is no reason why people cannot live in this State, and live well, at moderate prices. This must be done to get the people who seek a warmer climate for their health in winter who can't afford to pay fancy prices.

St. Lucie county will soon be on the map. A new one of that county is being made.

STATE OF OHIO, CITY OF TOLEDO, } ss
LUCAS COUNTY.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

(SEAL). A. W. GLEASON, NOTARY PUBLIC.

F. J. CHENEY & CO., Toledo, O.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

Summing up the situation, regarding the weather and the crop, The Cotton Trade Journal says "we must conclude that while the crop at large has made fair reasonable development during the week, the prospects do not encourage the hope of anything like a large yield over the whole area, such as was had last year. Very material improvement is possible, but we are now approaching the period when the crop usually deteriorates instead of improving. The next bureau report, which will cover the crop up to about the present time, ought to show some moderate advance over the June average, but not any very considerable improvement. In the meantime, should present torrential rains continue a few days longer, we must be prepared to expect alarming accounts from the western and central sections."

Gainesville merchants are after trade. They have large stocks of goods and are sending out invitations to the people of the surrounding country to call and look them over, and buy if the prices suit. A glance at some of our large stocks will convince any fair-minded person that our dealers are up to the times. In the furniture line the Gainesville Furniture Company must be conceded to surpass any store in Central Florida. Other dealers are well stocked and if you patronize Gainesville merchants you will find all lines superior to many other towns which are larger in population. Patronize the home dealer and you will seldom, if ever, regret it.

The Miserable Moors.

The lives lived by the Moors are, without perhaps any exception, the most precarious and miserable that can be imagined. The poor man is thrown into prison for sums he never possessed and can never pay, the rich to be squeezed of all he possesses, while those only can hope to escape who are members of families sufficiently powerful to arouse the fears of the local governor should he attempt extortion and not sufficiently powerful to stir up the jealousy and avarice of the sultan. Even the governors of the provinces suffer themselves as they make others suffer, for just as they squeeze the agriculturist and the peasant so are they in turn squeezed by the sultan and his viziers, and should they fail by constant presents to maintain a good opinion at the court they can expect only imprisonment and often death.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Dwelling houses are scarce in Lake Butler.

Pears are ripening in the north part of the State.

According to reports the pest-house at Tampa is in a deplorable condition.

The Tampa Times says that city will ship 225 million cigars for the year 1905.

DeSoto county will have a $5,000 exhibit at the State Fair to be held in Tampa.

John Smith, colored, for robbing a store in Jacksonville Tuesday, goes up for three years.

St. Augustine bicycle riders are said to have a monopoly of some of the sidewalks in that city.

Real estate is becoming more valuable in Palatka than ever before in the history of the city.

There will be no Greater Tampa, says Jack Stephens, the Fort Brook leader of the anti-annexation movement.

Pensacola has her "Jim Crow" street cars ready for business. The whites will occupy one end and the blacks the other.

A Lakeland merchant complains that some one steals his electric lights. They will next undertake to steal the sunshine.

Charles Hammond was arrested at Jacksonville Tuesday, and is wanted in Volusia county for the illegal selling of whiskey.

The Orlando band wants $5 a man to furnish music on the Fourth. And it is little enough. To jam wind all day is no easy job.

W. A. MacWilliams of St. Augustine and Jefferson Browne have purchased a valuable block in Key West. The price paid was $13,000.

The Lakeland Canning Company is putting up some very neat packages of fruit and vegetables. Dealers should buy of these home producers.

An Orlando paper says that they have in that city the best preachers, teachers, saloon keepers, etc., of any town in Florida. It is nice for brethren to dwell together in harmony.

Two negro turpentine hands at Homeland, Polk county, had a duel with knives, clubs, guns and a revolver. One was killed on the spot and the other cannot recover.

E. W. Bond is confident that he has, near Lake Ashby, a tract of land identical with the Hastings land, where potatoes are the money making crop. He has secured the services of Andrew Ziegler and will put in a small acreage of potatoes this fall.

On Saturday evening A. J. Gohagan, a woods rider for the Yaeger & Saucer Turpentine Company in Wakulla county, was shot by a negro at the commissary. Another man soon ended the negro's life.

Eau Gallie will have a winter military school, in charge of Col. Charles Fowler of Lyndon, Ky. It will have one hundred and fifty young men students during the winter, besides their relatives and friends.

The Columbus Lumber Company started up their saw mill Tuesday at Columbus. This mill has been closed down for nearly a year for timber and repairs, but Manager L. B. Sutton claims to have timber enough in sight to last them cutting two years now.

S. B. Keaggin, who shot and killed J. Hansell Norman of Norman Park, near Brooksville, last week, was captured in the woods by Sheriff Law of Hernando county Monday. Keaggin resisted, but was overpowered by the sheriff and deputies and delivered to Sheriff Sturkle of Pasco county, the killing having occurred in that county. He was placed in jail at Dade City. The people of that section demand a speedy trial.

Dr. E. H. Armstrong of Jacksonville,

THE LEADING EYE AND NERVE SPECIALIST OF FLORIDA,

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Suicided by Drowning.

Columbus, Ga., June 28—A Mrs. McGuirt, who killed her husband several years ago and served a term of two years in the penitentiary, committed suicide here by drowning herself in a well on First avenue. The woman was about 70 years of age and for several years has been addicted to the morphine habit. Last night she went to bed at the home of a Mrs. Hortman, who gave her shelter for several days previous to her death. When Mrs. Hortman awoke this morning Mrs. McGuirt was gone.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

King's Court Quash Appeal.

Montreal, Quebec, June 28.—The supreme court today unanimously granted the motion made in behalf of the government of the United States to quash the appeal of Gaynor and Greene from the judgment of the court of king's bench, affirming the refusal of a writ of prohibition by Judge Davidson against the issue of a warrant for extradition. The appeal was quashed with costs.

Member of Reichstag Imprisoned.

Berlin, June 28.—Herr Kunert, a social democrat member of the Reichstag was sentenced at Halle today to three months' imprisonment for insulting members of the German expedition sent to China in 1900 by saying in a campaign speech "Our soldiers in that desolated land plundered and abused women."

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

Governor to Protect Negro.

Montgomery, Ala., June 28.—Governor Jelks has notified the sheriff of Lawrence county that he expected him to see that Frank Daniels, who is being chased for the killing of G. W. Wright, at Leighton, Saturday, is protected from lynching, if caught. Daniels is being chased by men and dogs in Lawrence county. It has been sent out that if caught he would be hung by a mob, and the governor will give the officers every help needed to prevent any such disgrace to the good name of the state.

Plague Appears Near Panama.

Colon, June 28—A meeting of steamship agents was held here today to consider the fatal case of the bubonic plague recently reported to have occurred at LaBoca, near Panama. Pending developments no definite action was taken. Passenger and freight trains continue to run to and from Colon and Panama. The authorities of the Isthmus have quarantined the LaBoca wharf for 14 days.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by all druggists.

The Only One of Its Kind.

On an evening somewhere about the end of the sixteenth century a traveler from Sweden might have been observed at the door of the Rose theater in London. He was going to see a new piece called "Titus Andronicus," and in order to follow it in the native language he bought a copy of the play, price sixpence, at the theater door. When he went home to Sweden he took the book with him to show his wife and friends what strange stuff the foreigner ranted. For 300 years it was preserved and in 1904, being discovered in the home of a countrywoman, was transferred for safety to the Lund university. The book is the only one of its kind known to exist.

Pain in the Head

Is a danger signal, warning you that the brain nerves are exhausted—irritated, and are undergoing an unnatural strain.

Frequent and prolonged attacks of pain weaken the generative power of the nerve cells of the brain, and lead to loss of memory, melancholy, spasms, epilepsy, and frequently insanity.

When the brain nerves are weakened they are unable to supply sufficient nerve force to the nerves that control the lungs, heart, stomach and other organs, and these organs are thus robbed of energy, and unable to meet the demands upon them, and they get sick.

Stop the head pains with Dr. Miles' Anti-Pain Pills, and the influence upon your general health will be greater than you can realize.

"I want to tell you how thankful I am for Dr. Miles' Anti-Pain Pills. From a child I have been subject to sick headache, and never found any lasting relief until I received a sample of Dr. Miles' Anti-Pain Pills while in Geneva six years ago. By taking one it usually throws off my pain, so I can go about my home duties."
MRS. ALMA GATES,
R. F. D., No. 4, Geneva, Ohio.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.
Miles Medical Co., Elkhart, Ind

IF YOU LOVE YOUR WIFE DON'T ROAST HER

By compelling her to bake the family bread during the hot summer months.

FATAL RESULT OF FEUD.

Two Men Shot Dead and One is Seriously Wounded.

Waynesboro, Ga., June 28.—A feud of long standing when D. C. Curtis and Lee Schramack were shot dead and John D. Hill was perhaps mortally wounded. All parties are prominent Burke county farmers, except Schramack, who was a citizen of Augusta.

The trouble was an old grievance, and the parties came to Waynesboro to court and the row was renewed, with the above result.

The coroner held an inquest and their verdict was that Curtis was killed by L. D. Hill, in self-defense, and that Schramack, was killed by unknown parties.

Dozier Hill, brother of John D. Hill, is charged with killing both Curtis and Schramack and Curtis, the dead man, fired the first shot.

The town is all excitement and more trouble may come later. The Hills have given themselves up to the sheriff. The cause of the trouble is of long standing and concerns work, hands, plantation lines and other matters.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

To Fight the Boll Weevil.

Washington, June 28.—A number of directors of experiment stations of the southern states arrived at Washington today and held conferences with officials of the argricultural department. The principal object of their visit is to determine upon a uniform course of action loking to the eradication of the cotton boll weevil.

Sprained Ankle, Stiff Neck, Lame Shoulder.

These are the common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by all druggists.

Drowns Attempting to Swim River.

Calhoun, Ga., June 28.—Claude Hyde a farmer, who lived on the Garlington place, near Reeves station, was drowned in the Oostanaula river. He left home with his wife and children and crossed the river in a bateau. After spending a day with friends, the family started on their return home. Upon reaching the river, they found that some one had taken the boat to the opposite of the stream. Mr. Hyde divested himself of his clothing and started to swim across the river to get the boat. When about half way across he suddenly disappeared, and up to this morning his body had not been recovered.

Three Killed in Auto Wreck.

Savannah, Ga., June 28.—A deep mystery is to be solved, if it can be, at Grimball's Point, Isle of Hope, where an auto touring car is reposing in the mud and water at the base of a bluff over which it ran last night. In the automobile when it took its flight over the bluff were, it is believed, three white men, who were seen to get into the machine as it stood waiting on the road a mile from the point where it was found. The machine had been damaged so that it would run only at top speed. Its careful lessee had left it, and then the three men came along. It is feared they were drowned on going over the bluff with the machine, and swept away by the tide. A search for the bodies is being made.

Jealous Youth Kills Girl.

Richmond, Va., June 28.—James Ford shot and instantly killed Geo. Cash and fatally wounded Miss Lydia Inchminger at Waterloo Road, Rockbridge county. Mr. Cash and Miss Inchminger were returning from church when Ford met them on the road and asked: Is that Miss Inchminger?" and upon receiving an affirmative reply, opened fire with a revolver. The girl, who is 14 years of age and very pretty, is yet alive. Ford is 20 and Cash was 18 years of age. They worked at Longdale mines, Allegheny county. Ford made his escape and has not been apprehended. Jealousy is the alleged cause of the shooting.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

CALIFORNIA

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence?

Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await your coming.

The Chicago, Union Pacific and North-Western Line

is the most direct route to the Pacific Coast, and there are two fast through trains daily via this line, over the famous double-track railway between Chicago and the Missouri River.

Special low round-trip rates are in effect via this line throughout the summer to various Pacific Coast points, and colonist low rate one-way tickets will be on sale during September and October, which give an unusual chance for settlers to make the trip at a minimum of expense.

Daily and personally conducted excursions are operated through to San Francisco, Los Angeles, and Portland without change, on which a double berth in a Pullman tourist sleeping car from Chicago costs only $7.00, via the

Chicago & North-Western, Union Pacific and Southern Pacific Railways.

SIGNATURE EXPERTS

THEY ARE THE REAL SAFEGUARDS OF A MODERN BANK.

Not Only the Autograph, but the Entire Body, of the Check Is Closely Scrutinized by These Rapid and Almost Infallible Workers.

One of the most trying positions in our business, said a bank official to a writer in London Tit-Bits, is that of signature expert—the man who has to examine daily every draft that comes in through the clearing house and vouch for its genuineness. Our bank, one of the largest in the city, employs six clerks who do nothing all day long but examine checks, and when I tell you that it is no uncommon thing for 10,000 drafts to come in during a single day you will understand that the job is not altogether the sinecure it is popularly supposed to be.

These clerks have not only to scrutinize the signatures of both drawer and drawee, but also examine the "filling in," the latter being just as important, perhaps more so from a monetary point of view, as the signatures. As a matter of fact, the commonest forgery with which we have to deal is the "raising" of checks, and a forger of this nature generally chooses a check bearing a genuine signature, but having very little "filling in."

For instance, he knows that it would not be difficult to raise a check from £3 to £3,000, for all he has to do is to erase the word "pounds," insert the word "thousand" and then add the erased word again. I have seen plenty of this kind of work during the time I have been examining checks.

One of the most impudent pieces of forgery, however, that I ever came across was a check raised from £5 to £500. The forger had evidently relied on colossal impudence carrying him through, for he had simply added a couple of ciphers and then between the words "five" and "pounds" had placed an omission mark and written the word "hundred" above, adding the initials of the drawer of the check just to give the thing a look of careless genuineness.

It was so astounding a piece of cool audacity that we had bets on the check, two of my assistants declaring it to be O. K., while the other three and myself declared it to be a forgery. Further inquiries, of course, proved that the opinion of the majority was the correct one.

It is marvelous what a vast number of signatures some clerks will carry in their mind's eye, as it were, and thus be able to pass checks by the thousand without once having to refer to the signature books. We had a clerk here a few years ago who was little less than a wonder. He knew perfectly the signatures of at least 5,000 customers and could detect the alteration of a stroke in any one of them in an instant.

More remarkable still was the fact that he recognized with equal facility the signatures of those customers whose checks only came in once or twice a year. But he made an art of his work, and I afterward discovered that most of his evenings were spent in studying and learning the signatures of the customers, for he was a wonderful hand at copying writing, and whenever a new signature would come in, one with which he was not acquainted, he would at once facsimile it in his pocketbook and by the next morning would be able to recognize it among 10,000.

Signature clerks are not, as a rule, supposed to make copies of customers' autographs, but many of them do, and some men are clever enough at the work to even deceive themselves.

Of course, it is understood that when the signature clerks are not examining checks they are studying the autograph books in order to familiarize themselves with the caligraphy of every customer. Each check, you must understand, passes through the hands of each clerk in turn, so that if one should pass a forgery or a "raised" draft it is very unlikely that the entire staff would do so. All these checks, of course, come through the clearing house, and if we should pass a forged draft and not find out our mistake before 3 o'clock in the afternoon our bank would be held responsible. One of the commonest dodges adopted by the modern check forger is to get a customer of some small country bank to introduce him to that institution as a likely depositor. On the recommendation of the friend (who is probably quite unaware that the acquaintance he made some few months ago is a "wrong 'un") there is no difficulty in accepting their new client's check for £2,000, and the following day when the same customer calls and withdraws £100 to £500, as the case may be, he is politely handed the cash, and then, of course, loses no time in skipping the town. After the bogus customer's check has passed through the clearing house it is returned to the bank on which it has been drawn, and the fraud is at once discovered.

Another part of a signature clerk's duties is to see that no checks are postdated, as, of course, no drafts must be paid until they fall due. On occasions a careless man will postdate a check, but as a rule the mistake is purposely made. This spotting of postdated checks, however, is the easiest part of a signature clerk's work, and it is very seldom that a check so dated escapes him. Then, again, we are often notified that payment on certain checks has been stopped, and the clerks have to be on the lookout for these, and it must be a very careless staff indeed that lets them slip by. We are held responsible for all checks passed after we have received notice to stop payment.

But it is very seldom now, owing to the cleverness of the experts, that any forged checks, "raised" checks, postdated checks or stopped checks pass the vigilant eyes of our staff without being detected, but when one does—well, although the signature clerks are not held monetarily responsible for the loss, it means a bad mark against them in the future, and they feel its effects next time promotions or "rises" are being handed out.

Altogether, though the work is interesting and even fascinating in a way, the responsibilities are so great that the effect on the nerves is often very trying at times. One thing we are particular about, and that is to take no chances. If we have the slightest doubt about the genuineness of a check we at once communicate, either by telegraph, special messenger or telephone, with the supposed drawer of the check and in this way turn doubt into certainty. During the last three years not a single wrong check has passed our vigilant optics, and, though I say it, who should not, I do not believe there is a cleverer set of experts anywhere than those who compose my staff.

A LINCOLN STORY.

The Sawmill Hand Who Didn't Forget About the Cant Hook.

"The first citizen of Illinois and the greatest of American presidents" is the manner in which Mr. Carr refers to Abraham Lincoln in "The Illini." He recalls the first time he ever heard Mr. Lincoln's name. It was at a country hotel, and one of the residents of the town was telling of a "curis young feller" who had worked in a sawmill, but gave up the job to go into the Black Hawk war.

"He was working for a gentleman named Kirkpatrick, and one day somebody said to Kirkpatrick: 'You ought to get a cant hook for that young fellow to move logs with. It's too bad to make him roll them about without one.'

"The sawmill tender asked what a cant hook would cost, and they said $1.50. The young fellow said, 'If you give me the dollar an' a half I'll go on tackling the logs as I do now with a wooden spike that I make myself.'

"'Done!' said the boss, and he didn't need to buy any cant hook.

"But, do you know, that boss was so mean that he beat that poor boy out of that money. He never gave it to him.

"That fellow went on tending sawmill and telling stories and never let on about the cant hook. Presently came the Black Hawk war, and they pitched in and raised a company, and Kirkpatrick set all his pins to be captain, but that young fellow hadn't forgotten about the cant hook, and he just became a candidate for the captain's place himself, and when the company voted he beat old Kirkpatrick four to one. I helped to elect him, and when he got elected he turned to me and said, 'Bill, I've got even on that cant hook.'

"He is the most curious fellow I ever saw. There never came a man into the neighborhood but he'd find out just the things that man knew best. He never gave the schoolmaster any peace after he found he knew grammar until he'd learned all the grammar the teacher knew. He found a fellow who knew how to measure off land, and, sure as you live, this fellow quizzed him and quizzed him until he learned the trade, and then he got some tools and went out himself a-setting section corners and making lines and setting stakes to show people where to put their fences."

"What became of this young man?"

"Well," said Green, "he went and learned law, set up in Springfield and got to congress. But he couldn't get elected for the second term. He's as good a fellow as ever lived," continued Mr. Green, "but he's kind of common, sort of just like everybody else; no better, no worse; just a good feller."

"What's his name?"

"Abe Lincoln," replied Green.

An Endless Chain.

"A soft answer," remarked the party of the first part, "turneth away wrath."

"True enough," responded the party of the second part, "but wrath also turneth away a soft answer."—Philadelphia Bulletin.

Between Friends.

Gladys—Jerrold is saying all round that you are worth your weight in gold. Ethel—The foolish boy! Who is he saying it to? Gladys—His creditors, dear.

Willing to Oblige.

Man in the Street—I don't believe a word of your story, Tramp—One moment, then, mister, and I'll tell you a different one.

A Postage Stamp Dilemma.

Former President Salomon of Haiti had his troubles with the postage stamps of that disturbed republic. General Salomon objected to his own portrait being placed on the stamps, so a local artist was commissioned to design a female head representing Liberty. But the people mistook this for a portrait of Mrs. Salomon and objected. They said, "The president would not have his portrait on our stamps, but he put his wife's on instead." Salomon admitted the resemblance, and finally he consented to use his own portrait to adorn the stamps. At about the time the new issue was made Salomon had been deposed by his enemies, who finally decided not to go to the expense of issuing new stamps, but to use the Salomon stamps, affixing them upside down. By this device all concerned were satisfied, and from that time forward all letters bearing the stamps the right way up were said to have been charged double postage on delivery, just as though no postage had been paid.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

The First Walking Sticks.

The well born Egyptian carried a staff with his name inscribed in hieroglyphics, but walking sticks, in the general sense of the word, were first used by the gallants of the fifteenth century. Canes are first heard of in the reign of Henry VIII., probably introduced to Europe after the discovery of America.

Walking sticks were adopted by the effeminate Henry II. of France about the middle of the sixteenth century. These French sticks, with a ribbon and tassel to pass over the wrist, were, however, not used by gentlemen of fashion in England until 1655.

When first introduced they were formed with an indented head to afford a more easy rest for the hand. Afterward they were crowned with a round and hollow top, which contained nutmeg or ginger and sometimes sugar candy for the asthmatic or a store of snuff.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

Mrs. W. H. Palmer of North Gainesville has returned from a most enjoyable visit in Atlanta.

Get your job printing at The Sun job office and you can vote for your favorite in the library contest.

Col. J. G. Nichols left for Bar Harbor, Me., yesterday to join his family, where they will spend the heated term.

The baby girl of Mr. and Mrs. Herbert Graves of North Gainesville, who has been quite sick, is now slowly improving.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale by all druggists.

A philanthropic gentleman remarked a few days ago that Gainesville ought to have a society for the prevention of cruelty to animals. Here is a chance for some one to make a beginning.

Mrs. Sadie Stone of Palmer, who has been with relatives in this city for some time during a serious illness, is now able to be out again. Her friends congratulate her on her ultimate recovery.

Sheriff Fennell went out yesterday morning with his hounds to chase the gay and elusive Reynard. He was unusually lucky and after a very lively time succeeded in capturing two of these carniverous animals.

J. C. Haile, one of our leading cotton planters, who has about 300 acres of this staple on his plantation near Bennington, was in the city yesterday. He says that the crop is doing nicely and he thinks it the best he ever had.

Remember the Gainesville & Gulf has round trip rates to White Springs on Sundays at only $1. Train leaves Gainesville at 6:30 a. m., returning at 9:30 p. m., and affording a whole day at this favorite resort. Cheaper than hiring a buggy, and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf.

Civil Engineer J. W. Patton has returned from Tampa, where he has been for several weeks engaged in laying out the new addition to that city which was recently purchased by J. R. Williams & Co. of Alachua. He says that Tampa is a hustling town and if the new charter would have went through all right they would now have a population of over fifty thousand people.

Adjudged Insane.

Tobe Smith, colored, aged about 21 years, was taken in by Policeman Chas. Warren on Sunday evening and locked up on suspicion of being mentally unbalanced.

Yesterday he was arraigned before County Judge Mason and after due examination by a committee appointed, composed of Drs. E. Lartigue and J. M. Dell and George F. Mason, he was declared to be of unsound mind and an indigent person unable to take care of himself and was committed to the hospital for the insane at Chattahoochee.

The Library Contest.

The dealers who are engaged in the Library contest are requested to hand their reports in to The Sun office on Friday evening of each week, so that the figures can be accurately prepared for Sunday's paper.

The numbers are increasing and it takes considerable time on our busy day to compute them.

It is deemed advisable to drop the names of those societies and organizations from the list that do not have more than 50 votes at the end of the fourth week.

READ THIS.

DOTHEN, ALA., July 13, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with any kidney trouble as being the best remedy we ever sold. Yours truly, J. R. YOUNG.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Miss N. Norton.

Gainesville Circulating ...Library...

Only the Latest Popular Fiction.

SPECIAL SUMMER TERMS. 10c per week; allowing three changes during the week. Books must not be kept out over one week without renewing.

All for Gainesville.

"You never saw anything like it in your life," said Col. J. W. Patton to The Sun reporter last night, "the way the people stand for Gainesville having the State University, all over South Florida. Everybody in Tampa is shouting for Gainesville, and in nearly every town between Tampa and this city they are enthusiastic for Gainesville. There may be a few places where they are not, but the trains don't stop at them. If it was left to a vote of the people we would win before the returns were counted up to this county."

Col. Patton seemed to be quite sanguine of success, but the voters will not decide this question. We shall gracefully abide the decision of the Board of Control.

Personally Conducted

Excursions in Pullman tourist sleeping cars from Chicago to San Francisco, Los Angeles and Portland, without change via the Chicago, Union Pacific and Northwestern Line. Colonist one-way tickets will be on sale during September and October at only $33 from Chicago, with correspondingly low rates from other points. Double berth in tourist sleeping cars only $7. Yours Anxious to Please,

PHIFER BROS.,

Phifers' Corner, Gainesville, Fla.

MAYOR'S COURT.

Two Persons Were Fined and One Case Dismissed.

Ed Johnson and Mary Simmons, a lively pair of colored folks, got into an altercation on the street Tuesday evening, near the G. & G. depot, and Marshal Pinkoson took them, in charge for the night lest they might do each other bodily harm. Yesterday they made their appearance in the mayor's court, Acting Mayor Broome presiding, and after weighing the testimony impartially Mary was fined $2.50 and Mr. Johnson $1.

James Bose, who was arrested for striking a little child yesterday morning near the Seaboard switch, was discharged, the evidence showing that he only took the switch away from the infant to save his being struck with it.

True Advancement.

The system practiced by Dr. E. H. Armstrong of Jacksonville, and his large staff of assistants and experts, for the overcoming of all eye troubles and chronic diseases without drugs or operations, is a step far in advance of anything heretofore heard of in this line.

They remove causes instead of treating effects; they prove that 85 per cent of all the so-called diseases are not diseases at all in the sense generally understood, but are merely functional derangements due to some mechanical defect or improper chemical reaction in the body.

They correct the mechanical defects by mechanical means and set up a proper chemical reaction by prescribing a diet founded upon the chemical values of the different foods. They claim that drugs or operations are not necessary in 85 per cent of cases where taken. They prove that the eyes are the controlling medium of the entire nervous system, and as 90 per cent of all eyes are defective, though vision may be perfect, they are more often the cause of systematic complications than any other source.

They handle all cases of diseased eyes as well as defective vision, and all chronic disorders, and there are few of their patients who do not regain perfect health in ninety days. Their system is known as Ophthalmology and Neurology.

Dr. Armstrong will be here personally, at the Brown House, June 30 and July 1st. See him and have a talk about your case. You can easily become well.

That Forty Acres.

Considerable talk has been heard about the city regarding the 40 acres of land that J. B. Moodie of Lake City claimed to own near Gainesville, and announced in an article in The Times-Union several days ago that he would sell for 25 cents on the dollar.

One young man who desired to acquire some farm lands near Gainesville, wrote to Mr. Moodie about the land, but has received no reply. Another wrote and ascertained that the 40 acres was situated about six miles from this city and was of little value.

On looking up the records in the tax assessor's office it was found that the forty acres was situated in a hammock near a lake not far from Arredondo, and was assessed as "overflow land," the valuation $20, and the taxes 38 cents.

Mr. Moodie may secure a purchaser for his forty, if he can only drain it, but at present there will not be many bidders, as the land was never considered of any value, even when he got it at a bargain.

Vegetable Shipments.

The vegetable season in this section has been very good indeed, and although the rush is over, there are being shipped two cars a day of egg plants and tomatoes to the Northern and Western markets, over the Seaboard Air Line.

While the shipment of peaches is not so great, this same line sends out a car of very fine fruit every other day.

A few days ago a refrigerator car was sent through to the New York market, packed to the roof with egg plants, and the stock was of a very choice quality.

Many of the growers in the vicinity of Gainesville have done remarkably well with their crops this season.

Low Rates to White Springs.

Spend a while at White Springs, the leading health resort of the State. On the far-famed Suwannee river. The Gainesville and Gulf offers the following low round-trip rates from Gainesville: Sunday only, $1; ticket good going Saturday and returning Monday, $2.50; ticket good for fifteen days, $3. Double daily service. For further particulars inquire of ticket agent. tf
